I'm getting used to the painful feeling of seeing someone's mother finding out his special porno while cleaning the rooms.

Robuyan's advice of the day

Yes it is!
Also,
coffee isn't
the only the
thing she
can do.

John! It's a maid!
And what's more,
it's a maid robot!
The thing that
every man
dreams off!

Here is
your
coffee,
master.

It's so
wonderful,
John!!

From sorting out
your personal
belongings, doing
chores, help you
with your homework,
to even working as
your secretary!
She is a super robot
that can fulfill your
every dream!

Now is
the time
that every
household
should
have their
own personal
maid robot!!

Several days later

I KNOW I WOULDN'T
BE ABLE TO FULFILL
YOUR WISH IN
THIS BODY...

I'M VERY
HAPPY THAT
YOU FEEL
THIS WAY
ABOUT ME,
MASTER!

WHAT WOULD YOU
THINK ABOUT ME
BEING LIKE THIS
ALL OF THE TIME?

That's
right!!

Could
me

Completely true!
Once you get
the body for robot,
then at night, you
can... but, oh, are
all the kids asleep yet?
Wouldn't want any of
them listening to this!!
(Amman can laugh)

But good news
for all you lonely
guys out there!
We are currently
having a sale on
a super flashy body
for your designated
maid robot!!

What? Is
that true,
John?
